

expandavault

Collapsible Vault (flat packed)

The latest addition to the line-up is our brand new flat pack vault. This low cost, high quality product takes about 20 minutes to assemble and will keep your tools and valuables safe & secure.

The prefabricated **Expandavault** consists of an uninsulated flatpacked vault.

Assembly is carried out by mounting the galvanized steel components on the ground requiring only manpower. Assembly of the building is simple, using nuts and bolts supplied.
